

Checklist Prior to Closing

Many utility services may need to be contacted prior to closing the sale of your home. Having your most recent billings and account numbers on hand is helpful. It is often best to transfer the account (ask for a closing bill) rather than close it.

Cable, Electricity, Heat, Phone, Postal Service

- Summit Cablevision 425/865-0052
- Chambers Cable 425/774-5146

Oil Tank Heating

If your home is heated with oil, the purchaser usually will reimburse you for the oil remaining in the tank as stated in the Purchase and Sale Agreement. It is your obligation to obtain a written statement as to the quality and current price from your fuel supplier prior to closing.
